STILLFRONT
GROUP

Stillfront conducts directed share issue of SEK 500 million – advancing future financial flexibility

The board of directors of Stillfront Group AB (publ) (“Stillfront” or “the Company”) has, based on the issue authorisation granted by the annual general meeting on 9 May, 2019, and as indicated in the Company’s press release earlier today, resolved on a directed share issue of 2,080,732 million shares at a price of SEK 240.40 per share (the “Share Issue”). Through the Share Issue the Company will receive proceeds of approximately SEK 500 million before transaction costs. The price per share in the Share Issue corresponds to the volume weighted average price per share in the Company on Nasdaq First North Premier during the last 30 days, in accordance with the authorisation granted by the annual general meeting.

The board of directors of Stillfront concludes that the interest in the Share Issue was strong, as the communicated volume of up to 2,080,732 million shares, was oversubscribed by Swedish and international institutional investors shortly after the announcement of the Share Issue including current shareholders as well as new investors.

The reasons for the deviation from the shareholders’ preferential rights are mainly to diversify the shareholder base among Swedish and international institutional investors and at the same time raise capital in a time efficient manner. The purpose of the Share Issue is to provide the Company with additional equity capital in a quick and efficient manner in order to further strengthen Stillfront’s future financial flexibility in line with the Company’s communicated financial targets. The additional equity capital improves the Company’s key performance indicators while enabling the Company to utilise on opportunities for continued profitable growth through acquisitions.

Jörgen Larsson, CEO, comments: “When we announced the acquisition of Kixeye, we also communicated that we planned to further advance our future financial flexibility. Today’s share issue is a very important component of that ambition, and we are delighted to see the

strong commitment from our investors, supporting our continued growth journey.”

After the registration of the Share Issue, the total number of shares in the Company will amount to 26,128,972. The Share Issue entails a dilution of approximately 8 per cent of the number of shares and votes, based on the total amount of shares in Stillfront after the Share Issue. The share capital will increase by SEK 1,456,512.40 from SEK 16,833,768 to SEK 18,290,280.40.

In connection with the Share Issue, the Company has undertaken, with customary exceptions (including with respect to new issues to satisfy existing contractual commitments of the Company), not to issue additional shares for a period of 90 calendar days after the settlement date.

Carnegie Investment Bank AB (publ) and Swedbank AB (publ) have been appointed Joint Global Coordinators and Joint Bookrunners (jointly referred to as “Managers”). DLA Piper acts as legal counsel to the Company and Baker & McKenzie Advokatbyrå KB acts as legal counsel to the Managers in connection with the Share Issue.
