Stillfront Group announces extension of its existing unsecured revolving credit facility of SEK 3.75 billion with new maturity in 2025

Stillfront has utilized its two-year extension option of its revolving credit facility of SEK 3.75 billion with a new maturity date in December 2025. The extension is done at the same terms as the original facility signed in December 2020. With the extension, Stillfront ensures continued cost-effective financing and financial flexibility, while improving the maturity profile of its debt portfolio.

“We are pleased to have secured an extension of our revolving credit facility. The extension underlines the strong support for our strategy from our banking partners and further improves our maturity profile”, says Andreas Uddman, CFO.

The facility is supported by DNB Bank ASA, Sweden Branch; Nordea Bank Abp, filial i Sverige; and Swedbank AB (publ). Mannheimer Swartling has acted as legal advisor to Stillfront.
